ROP-FLAP

PROTECTIVE COVER FOR ROP–110/111 AND ROP–400/401

The **ROP–FLAP** protection cover is designed for installation on manual call points: **ROP–110**, **ROP–111**, **ROP–400** or **ROP–401**. It provides protection against accidental activation of the call point. The cover has to be lifted up in order to make it possible to activate the alarm by pressing the call point window.

- made of transparent, durable plastic
- a package contains 10 protective covers
